Percentage: 81

Durgapur, India

## 💼 PROFESSIONAL EXPERIENCE

**Fullstack Java Developer Intern**, Eduskillera

I developed an E-Learning Platform where students can learn new concepts and receive weekly assignments after completing each module. The platform offers students the opportunity to learn from industry experts, while teachers can demonstrate their teaching abilities by fully engaging with the students.

Feb2023–May2023

Kolkata, India

**AI/ML Intern**, Analyticens

Developed a breast cancer prediction model using SVM, Random Forest, and Decision Tree algorithms to categorize patients as malignant or benign, enabling a comprehensive evaluation of data and assessing the effectiveness and efficiency of the classification process.

Apr2022–Jul2022

Kolkata, India
